Dear Grade 7 Parents

It has come to our attention that important notices pertaining to “**Work not being done**” by the boys in certain learning areas are not finding their way home. If these notices do get home it becomes a nightmare for us as teachers to chase them up. It usually results in giving him a second or third one to take home. This takes up valuable teaching time.

We have decided to alleviate this problem by building up a Grade 7 “**Email Data Base.**” We can communicate more effectively in this way. It will enable us to send you notification on your son’s situation in class without it going through his hands, blazer pocket, book bag etc. It will assist us to nip any problems in the bud before things get out of hand. We, as teachers will then be assured that notices reach you.

If you have an email address please complete the reply slip below and return it to school. Your assistance in this regard is much appreciated.

Kind regards

Grade 7 Teachers
