

Get Mr. Pepler to shave off his beard

Mr. Pepler's "55" Reading Challenge

I challenge all grades to get out a book and READ. I shall shave off my beard in the class that completes reading 55, yes 55 books. I have chosen this number because it is my age. Once you have selected a book you must read it from cover to cover. Then your teacher will log the book on a log sheet. Your teacher will quiz/test you on the book as well. I expect you all to be honest and finish the book you select.

We shall kick off with this challenge on the first day of next term, so you have enough time to get hold of a book and read. You must encourage your classmates to read and complete their book as quickly as possible.

Good luck to all classes

Mr. Pepler
